

WEBPAVEMENT

WEBPAVEMENT SIGN HOST

HIGHLIGHTED FEATURES

Network Support

Sign Host's intelligent content retrieval function can be customized to retrieve content when network bandwidth is available (i.e. overnight updates)

Integrated Ticker Display

The ticker is fully configurable and controlled from remote locations using the sign administrator software. Your ticker can look similar to CNN or customized using your own look and feel.

All Media Formats Supported

Designed to support any media format your organization currently uses

Take advantage of Live Events and CATV

Display streaming media, live video feeds and CATV. PIP Available!

RS-232 Support

Configure Sign Host to turn on and turn off your display according to operation hours.

LED Support

Custom configure your media player content window for display on LED signage.

Touch Screen

Full support for touch-screen displays. Easily add a button to your window for launching an application or website.

SIGN HOST is powerful media player software specifically designed for unattended computers running public information displays in 24x7 environments.

Public Information Displays (sample applications)

<i>Retail Advertising</i>	<i>Corporate Communications</i>
<i>Hotel & Convention Center</i>	<i>Banks</i>
<i>Public Transit / Airports</i>	<i>Houses of Worship</i>
<i>Hospitals</i>	<i>Sports Arena</i>

Sign Host displays your playlists according to schedule. Playlists can include an assortment of multimedia.

- powerpoint
- windows media
- quicktime
- macromedia flash
- macromedia director
- real networks
- MPEG 1-2-3-4 and AVI
- HTML
- all graphic formats
- Music & Audio: mp3
- dynamic content (URL)

Save Time & Money

Sign Host software is media independent. This means that you can use your existing media library.

Use the Ticker to Capture Attention

Alongside your playlist, the professional looking ticker scrolls text messages, local weather forecasts, stock market summaries & headline news.

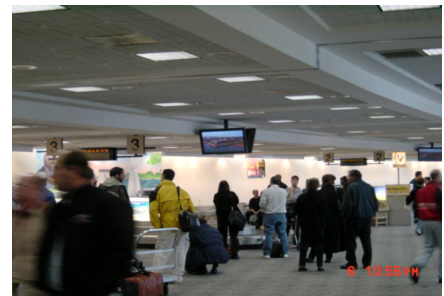

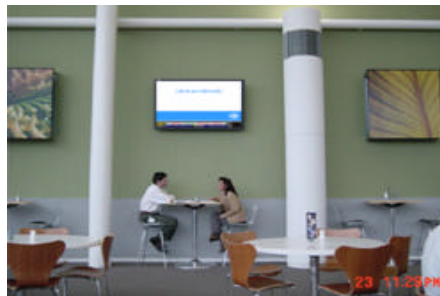

➡ Sign Host can be purchased as a software-only solution or as a turnkey media player for plug-and-play installation.
